Seven Soul lives to **stun your audience!**

**We rock.** It's simple... If you love classic arena rock, you'll love us.

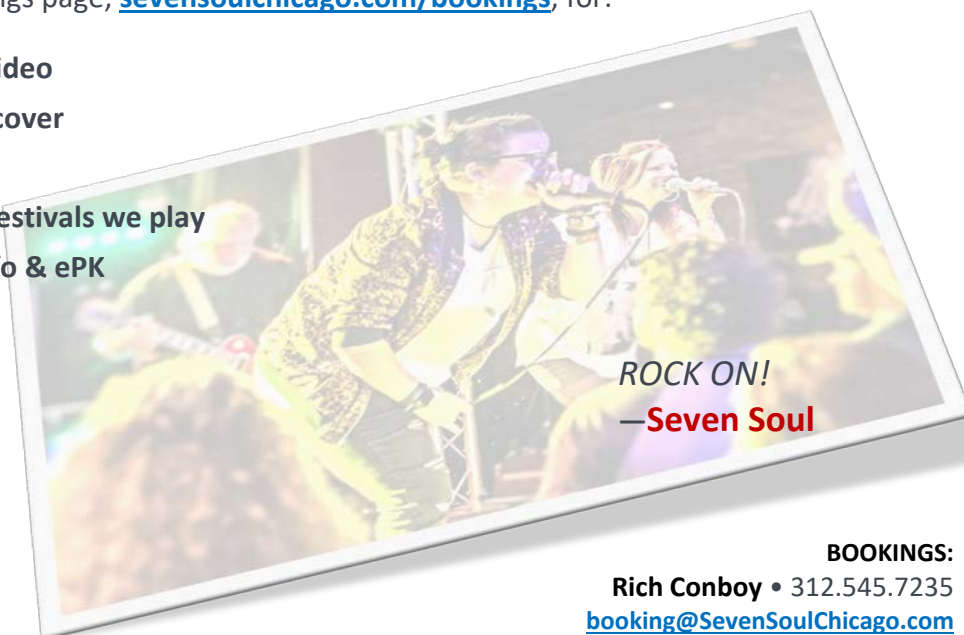

Tired of the same old song and dance, we wanted something new. Our mission was to perform classic hits with unique vocals and amped arrangements, filling every note with our fun and energetic flair. **It worked.** Seven Soul is now a staple on the Chicagoland cover band scene, playing to crowds on the **biggest stages.**

Entering our 10th year and more popular than ever, Seven Soul continues adding our spin to the **rock hits we all grew up loving.**

# ABOUT US...

**Alisa • vocal**

Alisa's roots are firmly planted in the south, heavily influenced by Gospel. But, she also likes alternative sounds like R.E.M., The Replacements, Sonic Youth, and They Might Be Giants. Alisa is a high-energy performer who loves delivering deeper, darker songs and sweet harmonies.

**Britt • vocal**

Who is Britt? IT professional. Cinephile. Pop-culture nerd. Hardcore goofball. But above all else, "vocalist" is at the top of her passions. Today, Britt most enjoys shaking her audience's expectations by tackling powerful songs with a gritty, unhinged style.

**Chris • guitar, vocal**

His social skills match Robin Williams in Jumanji, but Chris knows his way around a guitar. Chris's influences range from Zappa to Rush and Robert Johnson to Reel Big Fish. Chris infuses his own style and creativity into our unique Seven Soul sound.

**Dave • keys, vocal**

As the youngest member of a musical family, Dave's journey led him to become the orchestra director in his local school district. He's a talented musician, and he's excited to check his music teacher badge at the door to jam with Seven Soul!

**Jim • drums**

Jim knew he wanted to play drums in grade school. Later, he won multiple "battle of the bands" competitions in college and played with several bands around Chicago. Jim's influences include John Bonham, Neil Peart, Simon Phillips, and many more.

**Rich • guitar**

At 14, Rich got his first guitar, and he's never looked back. He's a huge fan of the big guitar sounds of the 70's, and his main influences are Jimmy Page, Tony Iommi, Joe Perry, Robin Trower, Tom Scholz, and Peter Frampton.

**Scott • bass**

Scott is a bass BEAST! He first picked up a bass in college, and now music is his passion. Thirty years later, he's still mastering his bass, influenced by musical giants Geddy Lee, Chris Squire, John Paul Jones, Geezer Butler, Jack Bruce, John Entwistle, and Steve Harris.
